Richelieu and Ontario Navigation Company

A VIEW OF QUEBEC

"Niagara to the Sea"

The peerless water trip through Canada via the majestic St. Lawrence River. A trip via Niagara Falls through the cool and healthful northland—the summer playground of the American continent.

A summer trip is essentially a water trip, and when that trip combines scenic attractions in infinite variety, viewed from the decks of luxurious steamers, and a cool, salubrious climate, tempered by lake, river and mountain breezes, and exempt from malaria, hay fever, smoke, dust and heat, the conditions are perfect for an ideal summer outing trip.

Such conditions prevail on the trip from Niagara to the Sea via Lake Ontario, the Thousand Islands and Rapids of the St. Lawrence to Montreal, quaint, picturesque Quebec and on down the lower St. Lawrence River and up the Saguenay River, through the grandest navigable mountain gorge in the world.

HOW TO REACH THE ST. LAWRENCE RIVER REGION

Take choice of routes to Niagara Falls, thence Niagara Navigation Co. steamers to Toronto, connecting with Richelieu and Ontario Navigation Co. for all points from Niagara to the Sea.

For information, "ASK MR. BOWMAN," 1109 Main Street, East, Richmond, Va.

Six cents postage for our illustrated guide, "Niagara to the Sea."

Visit Yellowstone National Park This Summer

Park Season, June to September

Travelers either West or East will find in this park myriads of natural wonders and attractions that others have crossed oceans and continents to see. A side-trip to this wonderland requires but a night's ride in comfortable sleepers from Salt Lake City or Ogden, and a complete tour of the Park may be made in five days. Shorter tours are arranged for those having less time to spare.
